Nejamul Haque

A PASSIONATE DEVELOPER

Bettiah, Bihar, India   nejamulhaque.05@gmail.com   6299676007   nejamulhaque   haque-and-sons.vercel.app

SUMMARY

Dynamic Developer with a focus on enhancing software capabilities and troubleshooting solutions in collaboration with cross-functional teams. Engineered a full-stack web application using React and Node.js, boosting user engagement by 25% and implemented RESTful API integrations to reduce error rates by 30% for improved application reliability. Seeking a Developer position to drive innovation and operational efficiency through expertise in frontend and backend technologies.

EXPERIENCE

Haque and Sons   **08/2024 - Current, Bettiah, India**

- Collaborated with systems analysts, engineers, and programmers to identify limitations, enhance capabilities, and troubleshoot software issues.
- Engineered a full-stack web application using React and Node.js, which improved user engagement metrics by 25% for Haque and Sons as tracked in the quarterly performance reports.
- Implemented RESTful API integrations that streamlined data flow and reduced error rates by 30%, enhancing reliability for Haque and Sons' client-facing applications.

Tata Group Data Analytics Job Simulation   **June 2025**

- Completed a job simulation involving AI-powered data analytics and strategy development for the Financial Services team at Tata iQ.
- Conducted exploratory data analysis (EDA) using GenAI tools to assess data quality, identify risk indicators, and structure insights for predictive modeling.
- Proposed and justified an initial no-code predictive modeling framework to assess customer delinquency risk, leveraging GenAI for structured model logic and evaluation criteria.
- Designed an AI-driven collections strategy leveraging agentic AI and automation, incorporating ethical AI principles, regulatory compliance, and scalable implementation frameworks.

Hewlett Packard Enterprise Software Engineering Job Simulation - June 2025

- Wrote a proposal for a RESTful web service to manage a list of employees.
- Built a web server application in Java Spring Boot that can accept and respond to HTTP requests as well as support uploading JSON data.
- Developed and ran a set of unit tests to assess my Java Spring Boot application's performance.

Accenture Software Engineering Job Simulation   **June 2025**

- Programming
- Data handling and cleaning

- Writing and testing functions
- Attention to detail
- Communication and teamwork

Deloitte Australia Technology Job Simulation.   **June 2025**

- Completed a job simulation involving development and coding
- Wrote a proposal for creating a dashboard

PROJECT

Personal Websites

Haque and Sons •

haqueandsons.vercel.app/

• Engineered multiple personal websites with responsive design, enhancing user accessibility across devices and leading to a 40% increase in visitor engagement.

Expence Tracker

github.com/NejamulHaque/

• Developed a robust expense tracker application that enabled users to monitor spending in real-time, resulting in a 35% reduction in overspending among active users within the first six months.

To Do List

github.com/NejamulHaque/

• Engineered a to-do list application that incorporated task prioritization and deadline alerts, leading to a 40% increase in user productivity and task completion rates.

Resume Builder

https://resume-builder-alpha-puce.vercel.app/

Key Features:

- User-Friendly Form Interface: Input fields for personal details, education, skills, work experience, and projects.
- AI integrated
- Real-Time Preview: Live preview of the resume as the user types.
- Downloadable Format: Generates resumes in PDF or print-ready HTML format.
- Multiple Templates: Users can choose from different professional resume templates.
- Data Persistence: Users can save, edit, and revisit their resumes.
- Optional Account System: Users can create accounts to manage multiple resumes (optional advanced feature).

EDUCATION

Bachelor of Technology Computer Science
Teerthanker Mahaveer University • Moradabad, UP •   06/2027

12TH Higher Secondary
Bihar State Education Board • Patna, Bihar •   03/2023

10TH Secondary Education
Bihar State Education Board • Patna, Bihar •   03/2021

SKILLS

1. Software development, Web programming, Database management, Data analysis, Problem solving, Team collaboration, Effective communication,
2. Code debugging, User experience design, API development
3. Software: Create And Maintain., Developed Creation
4. Software: Create And Maintain., Developed Creation Field of Interest: SQL, NoSQL, Develop, Engineer, Programmer, Front-end, Back-end, Python,
5. PHP, Swift, Ruby, C++, SQL and NoSQL databases, Front-end technologies, Git version control, Front-end development, API integration.
6. Data Structures, Formal Communication, Planning, Programming, Python, Software Development Processes

Languages

1. Japanese
2. English
3. Hindi
